WELCOME SPONSORS & EXHIBITORS

LINAC 08 is the bi-yearly conference for the Linear Accelerator community. Physicists, engineers, and technical personnel interested in all facets of accelerator technology will be present to discuss and review the latest issues, trends and challenges in the field. Historically, the LINAC conference series has drawn over 250 attendees from around the world.

The Accelerator community relies on their partnership with high-tech industry to deliver state of the art materials and technologies. This highly specialized conference is a perfect venue to promote your industry to the experts. The conference is by invitation only, therefore refining the audience to the most influential in the field.

Some of the fields of technology involved in linear accelerators are Ion Sources, Vacuum, Cryogenics, Radio Frequency, Magnets, Superconductivity, Power Supplies, Beam Diagnostics, Beam Dynamics, Simulations, and Controls.

Where: The Victoria Conference Centre in Victoria, BC, Canada

When: September 29 – October 3, 2008

Website: www.triumf.ca/linac08
